

Children with Special Educational Needs.

Arden Primary School always endeavours to meet the needs of individual children and most will find their needs can be met within our school.

Some children however may have additional needs which require additional support; for example when children have a learning difficulty or a disability that means they find it harder to learn than other children in their age group.

Children have a range of needs, including physical or sensory difficulties, language difficulties and emotional/behavioural difficulties.

The network of services that work with schools in Stockport means that each child's needs can be addressed with additional support to overcome the barriers they face.

All schools have a Special Educational Needs Co-ordinator (SENCO) who can help you with any concerns during your child's school career. Mrs Sumner is our SENCo.

Help with getting a school place for children with Special Educational Needs

If you are applying for a place and you would like any information or advice about special educational provision, please contact SEN Support on 0161 474 2525 or email sen@stockport.gov.uk.
