Dear Parents/Carers and Neighbours,

I am writing to update you about the development works on the Arden Primary School site.

Unfortunately, we have experienced some delays with the removal of excavated ground from the hard play area on the school site. This means that the footpaths from Stockport Road will need to remain closed and the contractors will be on site for longer than originally planned.

The contractors are working very hard to ensure this important work is completed as quickly and as safely as possible.

The footpaths from Stockport Road West will need to remain closed whilst the removal work is carried out therefore **please could all families ONLY use the Osborne Street access until further notice**. The school will contact you via the messaging service to advise when the paths will re-open.

We would like to apologise for any inconvenience caused and thank you for your co-operation during this busy period.

Yours faithfully

Stephen Bell
Head of Commissioning School Places
